## Information for Totalisator Investors AT HAROLD PARK RACEWAY

### THE RULES GOVERNING THE TOTALISATOR ARE EXHIBITED ON THE TOTALISATOR HOUSES.

No person under the age of 21 years is permitted to bet on the Totalisator, *vide* Section 12 of the "Totalisator Act, 1916," as follows:—

*"If any person under the age of Twenty-one Years wagers by means of the Totalisator, he shall be liable to a penalty of not less than One Pound for the first offence, and not less than Five Pounds or more than Fifty Pounds for each subsequent offence."*

The Totalisator is closed at the time the race starts and no investment will be received after that time.

A Warning Bell will ring at the Totalisator ten minutes before the advertised time of starting, and also prior to the starting time. The machine may close at any time after the second Bell stops ringing.

The top of the White Ribbon indicates the "odds" for a win. The top of the yellow Ribbon indicates the "odds" for a place.

Each horse starting in a race will be denoted on the Totalisator by a number corresponding with its number in the Race Book.

**THE WIN TOTALISATOR.**—The amount available for dividend shall be divided among the investors on the winning horse.

#### THE PLACE TOTALISATOR.—

(a) **Three Dividend Races.**—Where there are eight or more starters the amount available for dividend shall be divided into three equal parts, and one part shall be divided among the investors on the first horse, another part among the investors on the second horse, and the remaining part among the investors on the third horse.

(b) **Two Dividend Races.**—Where there are five, six or seven starters, the amount available for dividend shall be divided into two equal parts, and one part shall be divided among investors on the first horse and the other part shall be divided among the investors on the second horse.

If only four or a less number of horses start in a race, the Place Totalisator will not be opened.

**BRACKETS.**—The Totalisator can only provide for sixteen horses, so when there are more than sixteen acceptors the difficulty is overcome by bracketing. There may be one or several brackets.

Horses bracketed together will be clearly indicated in the race book and given one number; except that one shall have a distinguishing letter following the number, the second horse in the bracket is red in the semaphores and on saddle cloths. A person wishing to invest on either horse will ask for a ticket on the totalisator number, and the other horse will run for him as well as the horse of his choice, but if horses bracketed together run in a dead-heat or both run into places, they shall be treated as separate horses for the purpose of dividend.

Tickets are sold at the Totalisator at:—  
5s., 10s., £1 and £5.

Tickets on any horse for a win or a place may be purchased at any Selling Window.

Any investor may invest an unlimited amount on any horse.

Three (3) Totalisator Houses for Selling and Paying are available in the Paddock Enclosure, and a Totalisator is established in each of the Leger and Flat Enclosures.

Every investor should see that the proper change, ticket or dividend is received before leaving the window, as subsequent claims will not be recognised.

All dividends are calculated on the unit of investment and will be exhibited on the Totalisator Houses immediately after the race is run. The unit of investment in all enclosures is 5s.

In the event of a dead-heat for first place, the dividends are paid in accordance with the result of such dead-heat.

Dividends on a race not collected prior to the start of the next race will only be paid at the "Late Dividend" windows.

### "QUINELLA" TOTALISATOR

The "QUINELLA" Totalisator is conducted for the purpose of enabling persons to invest moneys on Trotting races upon the chance of nominating, irrespective of order, the combination of two contestants which shall fill first and second places in the same race, or such other places as are provided under these Rules.

If three or more starters dead-heat for first place, the dividend pool shall be divided into as many equal parts as there are combinations, which have been backed, comprising the numbers of two of such starters, and one of such parts shall be divided among the investors on each such combination.

If two or more starters dead-heat for second place, the dividend pool shall be divided into as many equal parts as there are combinations, which have been backed, comprising the number of the winner and the number of one of the starters running the dead-heat for second place, and one of such parts shall be divided among the investors of each such combination : Provided that, if no such combination has been backed, the dividend pool shall be divided into as many equal parts as there are combinations, which have been backed, comprising the number of two of the starters running the dead-heat for second place, and one of such parts shall be divided among the investors on each such combination.

If there are no investors on the combination comprising the numbers of the winner and the second horse and two or more starters dead-heat for third place, the dividend pool shall be divided into as many equal parts as there are combinations, which have been backed, comprising the number of the winner and the number of one of the starters running the dead-heat for third place, and one of such parts shall be divided among the investors on each such combination : Provided that, if there are no investors on such combinations, the dividend pool shall be divided into as many equal parts as there are combinations, which have been backed, comprising the number of the second horse and the number of one of the starters running the dead-heat for third place, and one of such parts shall be divided among the investors on each such combination.

**(d) No investors on Any Combinations of Placegetters**

If there are no investors on any of the combinations referred to in paragraphs (a) and (b) of this Rule, the dividend pool shall be refunded to the investors on other combinations of starters.

**REFUNDS OF NON-STARTERS**

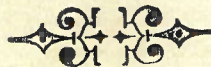

The money invested on the "QUINELLA" Totalisator on any combination which includes a non-starter shall be refunded in full upon production and delivery of the ticket : Provided that the provisions of this Rule shall have no application to a non-starter included in a bracket, unless all of the contestants included in the bracket become non-starters.

Dividends not collected on to-night's races may be collected at **AUTOMATIC TOTALISATORS LTD.**, Room 207, 2nd Floor, Shell House, 2-12 Carrington Street, Sydney, Monday to Friday (Public Holidays excepted), between the hours of 10 a.m. and 3 p.m., for a period of one month after the meeting.

Postal Address : **Automatic Totalisators Limited, 2-12 Carrington Street, Sydney.**

In the event of the Committee declaring all investments off, the money invested will be returned to the investors.

Every investor and holder of a ticket shall be deemed to have made herself or himself acquainted with the Rules and Conditions of the Totalisator which are exhibited on the Totalisator Houses, and to have agreed to be bound thereby.
